APEX Adventures

At APEX Adventures, we believe the key lies in strengthening the connections between people — your people — by facilitating a group experience that incorporates all aspects critical to your company's success: cooperation and communication, collaborative problem solving and decision making, commitment to common objectives, and perhaps most important, a willingness to change and to take risks. Challenge your team with this innovative and cooperative program! Your team will move through a logically planned progression of fun ice-breaker games, trust building activities, problem solving tasks, and cooperative challenges.

Wine Blending on Wheels

Wine Blending on Wheels both challenges and entertains the wine expert and beginner alike. Each team will strategize, measure, blend and taste until they feel they have concocted the best blend from the provided pure varietals from Napa and Sonoma appellations. A blind tasting will determine the best wine. Votes will be tallied, the winning wine announced and the bottling process will begin. Yes, bottling process! Each participant takes home a bottle of the winning wine.
